Replacing the antenna.

Written By: Eli

## INTRODUCTION

Follow this guide to properly replace the antenna.

## Step 1 — Antenna

- Identify the antenna. It is the extendable plastic component pictured here.

## Step 2

- Twist the base in a counter-clockwise motion to unscrew the antenna.

## Step 3

- The antenna should slide right out of the phone when finished.

To reassemble your device, follow these instructions in reverse order.
